

A comparison of women's gender role beliefs across two generations

The aim of this research is to gain a better understanding of the relationship between women's attitudes to roles at work/home and women's wellbeing as measured by symptoms of depression, anxiety and stress. We hope that it will add to our knowledge about women's beliefs about home and work roles across generations.

Who is Eligible?

We are looking for women (mother/stepmother & their adult daughter):

- ✓ You must have a mother/adult daughter who would **ALSO** be prepared to participate;
- AND*
- ✓ You **BOTH** need to be 18+ years; *AND*
- ✓ You **BOTH** need to understand English

What does the Study Involve?

We would like your assistance in doing this research which involves answering a paper and pen or secure online internet hosted questionnaire which will take approximately 20-30 minutes to complete. You may complete it at a time and place of your convenience.

To find out more or to participate in the research please contact:

Department of Psychological Medicine

Student Researcher: Amber Scanlon – Psychology, Honours,

Ph: 0407 483 643. Email: amber.scanlon@med.monash.edu.au

Chief Investigator: Dr. Kathryn Gilson, Research Fellow,

Ph: 9594 1483. Email: kathryn.gilson@med.monash.edu.au

Each person will go in the draw to win one of three “double pass movie vouchers” for participating.
